FULLY ILLUSTRATED

PARTIAL CONTENTS

The Anatomy of the Sexes

This chapter describes in simple nontechnical language the male anatomy, how the sperm is made by the body, how it is stored, the path it takes to reach the external world, the effects of bodily functions on sperm manufacture. This chapter discusses the female sex anatomy. It describes every part of this anatomy, and gives its function. There are descriptions of the vagina, the hymen, the clitoris, the Bartholin's glands, the uterus, the uterine lining, the Fallopian tubes, the ovaries, the pituitary, etc. Very precise, clear, and easy-to-follow drawings make this chapter comprehensible to anyone who can read.

What Makes a Couple Fertile?

This chapter examines the factors that make couples either fertile or sterile. A knowledge of these factors and how to correct or control them can be used as an effective planning method. This chapter also discusses among other things the most favorable times for sexual relations, how to increase the sperm availability during intercourse, etc., etc.

Barriers

The mechanical contraceptive devices, including condom, diaphragm, and cap are discussed in this chapter. Their use and effectiveness are described in detail.

Foams, Creams, and Jellies

Besides describing the use of these various sperm-killing chemicals, the chapter also contains ratings of various brand-name products now in general use.

The Pill

Because of the enthusiastic responses this new contraceptive drug has achieved, it is comprehensively discussed in this chapter. The chapter shows how the pill works to stop the reproductive mechanism of the woman and how it achieves contraception, etc. Directions for taking the pill so that it can be 100% effective are given. Possible dangers and problems involved in the taking of the pill are also discussed.

Intrauterine Contraceptive Devices

This chapter makes a thorough examination of these new contraceptive devices which are placed directly into the uterus and which are gaining widespread acceptance in many areas of the world.

Effect of Intercourse on Contraceptives

Much of what is new has been learned only in the last few years. These studies have shown that many ideas and views previously held about male and female responses to sexual intercourse were erroneous. Understanding and knowing about these new discoveries can aid immeasurably in achieving either conception or birth control.

What Method to Choose?

After reading this chapter, it will become apparent why a particular contraceptive may work for one couple, but not for another. The reasons for such divergent results are discussed, and guidelines for choosing a particular method are established.

And Many Other Topics

A COMPLETE SEX GUIDE

SEX, FERTILITY, AND BIRTH CONTROL is about sex and reproduction. Among the topics discussed are the functioning of the sex organs, the limiting factors on reproduction as imposed by woman's fertility, the contribution of man's sexual performance, the pregnancy potential of married couples, and the birth control methods in use to change this potential. Although reproduction is a common enough event, accurate knowledge of many of its aspects is quite uncommon. Because human sexuality long suffered from the most severe taboos, many important and fundamental facts have only recently been discovered. All are described in this new book.

New York's
Glittering Glamorous
Guys-To-Dolls
DRAG BALL

These photos were taken at a recent 'No-Holds' Barred 'Drag Ball' in the heart of New York City. As you can see New York is truly 'Fun City' and getting more so every day. There are so many annual balls these days that a guy could go to one every week... For the real ball-goer it also means a bigger wardrobe than ever before... And for this reason many of the boys are now designing and making their own outfits. Not only does this save on the budget, but it also makes for many more interesting (and sometimes outlandish) designs!

You can't tell the guys from the gals

THE MOST EXPENSIVE MATERIALS GO INTO THE FASHIONS AND EVERYBODY STARTS EYING THE CROWD...THERE'S LOTS OF COMPETITION FOR BEST DRESSED! AFTER THE "OOHS AND AHS" CALM DOWN THE GALA BURSTS FORTH INTO DANCING, CHARADES AND IMITATIONS OF SUCH ALL TIME GREATS AS BETTE DAVIS AND MAE WEST. AT EVERY BALL A SMALL NUMBER OF CRASHERS GET IN, BUT SOON THEY'RE CAUGHT UP TOO...

ON THE FOLLOWING PAGES YOU'LL GET A BETTER PEEK AT WHAT GOES ON THAN MANY WHO ATTEND THE 'DRAG BALL.' AT TIMES THE CROWDS ARE SO THICK THAT YOU CAN'T TELL WHO'S WHAT OR WHERE. MANY OF THE 'GALS' COME IN GROUPS TO ESTABLISH A THEME, AND A LARGE VARIETY ENTERTAIN... TOWARD DAWN THERE'S A CONTEST FOR "BEST TALENT" AND "BEST GOWNED." SOME SAY THE SHOW IS FAR SUPERIOR TO THE "MISS AMERICA" PAGEANT...

"DO CLOTHES MAKE THE GIRL?"

by
Carlson Wade
Co-author of
Transvestism Today

Female impersonators insist they are the true aficionados of mimicry. The trans-sexualists proclaim their superiority at female impersonation because they have been transformed into real women! A noted spokesman on the subject tells about this feud.

Carlson Wade

The attractive brunette facing the television cameras was a cabaret performer and professional model. In her miniskirt, she displayed sleek legs and smooth thighs. Wearing a tight blouse, she proudly arched her back to emphasize the saucy uptilt of her bosom. She was exquisitely made up. Her movements were sophisticated and completely feminine. When she spoke, a clue as to her true identity was given. The lovely brunette—had once been a male!

“I had many personal and physical problems as a male,” she told the millions of viewers on this Saturday night television-interview show. “I just couldn’t go on living as a male when all of my emotions and desires were so feminine.”

The bearded interview-host of this show asked, “Couldn’t you have tried cross-dressing? That is, wearing the clothes of a female without undergoing your sex change?”

The lovely girl shook her head negatively. “That would be just a masquerade. I wanted

to be transformed physically into a female. It cost me about twenty thousand dollars, including internal surgery as well as cosmetic (so-called plastic) surgery. It also took a lot of courage. But today, I’m a real woman. I model. I do night club entertaining. I may even become a stripper.”

The interview-host then said exuberantly, “You *are* a beautiful woman and certainly more beautiful than any of those who put on female clothes over a male body!”

This brought a flood of protests from all over the country. Female impersonators, long feuding with those competitors who have undergone sex changes, insisted that they, the impersonators, were the true artistes of female mimicry. “It takes more than an operation,” declared one such impersonator who I interviewed. “There are so many real, natural-born women who just cannot be feminine no matter what they put on. So how do you expect a ‘former man’ to be able to look feminine just because he

RICKY RENEE

had himself changed into a woman by a surgeon’s knife?”

“But there’s more to it than just that,” I pointed out. “The sex changes include extensive hormonal therapy with a gradual effeminization of features and physical parts as well as softening of the body. All this transforms the ‘former man’ into a feminine creature.”

The impersonator, one of the top names in the craft, exploded at my impartial although medical observation.

“Nonsense!! Femininity has to come from within. The trouble with those sex changers is that many of them are too masculine. They think that just because they’re castrated, they can become delicate maidens. If they didn’t have that quality before, they can’t have it now.”

Apparently, there was no rationalizing with this female impersonator. He, like hundreds, perhaps thousands of others are quaking at the competition in the field. Competition from publicity-saturated former men who have shed all outer and inner signs of masculinity and transformed themselves into true females (so they insist) and therefore regarded better mimics or strippers than the impersonators.

A quiet feud that occasionally bubbles over is being waged between these two camps. Their legions are growing. As more and more female mimics are coming on the scene, so are more and more trans-sexualists, offering a type of competi-

tion that is difficult to overcome.

To understand — trans-sexualism is a condition in which a person’s sex is changed. The trans-sexualist is usually a male who has a severely intense and often obsessive desire to change his body structure. He is obsessed with a delusion that he is actually a female and that his faulty or undesired male parts must be completely removed by surgery so that he

“ DO CLOTHES MAKE THE GIRL?”

can become, in fact, a completely transformed female.

On the other hand, there is *transvestism* which is a desire to dress in the clothes of the opposite sex and then assume the mental attitudes of that swapped sex. When the male puts on completely feminine attire, which begins with frilly underclothes, silken bloomers, a padded bra, a corset, then a slip and a dress, silk stockings, high heels, the said male then assumes the complete personality of the female.

This transvestite is also known as a female mimic or an impersonator—one who will perform on the stage, in night spots, duplicating a female with such perfection that true identity is frequently defied. There is *no* surgical sex change involved and to all *outward* appearances, the transvestite is a complete female.

Mentally, the female impersonator or transvestite feels feminine and passive. He will adopt typical feminine mannerisms, play the role to perfection (to the best of his theatri-

cal abilities) and establish himself as a female impersonator.

But—is he regarded better

than a true female?

And—is the trans-sexualist to be regarded a true female?

An illuminating observation

PATRICIA ANN MORGAN

is made in the *American Journal of Psychotherapy* (Vol. 8, No. 2) with regards to this situation:

“While the male transvestite *enacts* the role of a woman, the trans-sexualist wants to *be* one and *function* as one, wishing to assume as many of her characteristics as possible, *physical, mental* and *sexual*.

“Trans-sexualism and transvestism are decidedly more frequent among *men* than women, like most other deviations. Due to the more permissive fashion in women, female transvestism is less conspicuous, but naturally can involve for the individual the same frustrations and often tragic situations as in men. Since the social and legal complications are infinitely greater in male transvest-

ism and trans-sexualism, this present discussion is largely confined to them.”

The medical journal now offers a very concise understanding of this problem. “The transsexualist is a transvestite as a rule, but the transvestite is NOT always a transsexualism. In fact, most transvestites would be horrified at the idea of being operated upon.

“The transsexualist, on the other hand, -only lives for the day when his hated sex organs can be removed, organs which to him are only a dreadful deformity. Therefore the transsexualist always seeks medical aid, while the transvestite as a rule merely asks to be left alone.”

Again, we can see that there *is* a mental difference between

the transsexualist and the mimic. One has a deep dislike of his maleness and wants to surgically eradicate it; the other is content as a male and only desires to work at improving his art of impersonation.

This medical journal then adds:

“In transvestism (or female mimicry), the sex organs are sources of satisfaction; in transsexualism they are sources of disgust. This is an important distinction and perhaps the principal difference.

“Otherwise there is no sharp separation between the two, one merging into the other. It is quite evident that under the influence of sensational publicity, a reasonably well-adjusted transvestite could become greatly disturbed and fascinated by ideas of surgical conversion.”

When I showed this to a transsexualist whom I interviewed for this exclusive feature, she just scoffed and told me,

“One-sided and very narrow-minded. A transsexualist such as myself just never felt happy as a male. If the mind cannot be changed to suit the body, then the body should be changed to suit the mind. Now, I have been transformed as a female and I have never been happier. I travel all over the country, appear in hundreds of night clubs and smart cocktail lounges. I sing, I dance — sometimes alone, sometimes with a group.”

“A group? Of men or of women?” was this interviewer’s query.

“Mostly in a group of men —

I'LL SHOW YOU HOW!

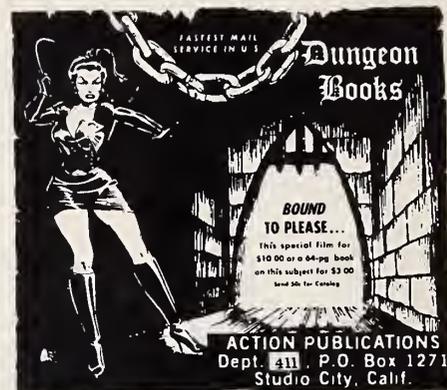

Why should you as a prospective buyer, and I as a source of adult merchandise, be forced to conform to outdated Victorian concepts of sex morality... to permit the "blue-noses" to dictate what we, as responsible adults, can or cannot see or read for our personal pleasure?

A new rebellion, a wind of change, is sweeping the land! Doctors Johnson and Masters have written a famous, best-seller book in which they describe, in detail, films of couples in the sex act. Why then, can't you enjoy the adult action movies that many would like to suppress?

You can! I have perfected a plan that puts you in touch with purveyors of the hard-to-find action films you've been seeking — and without risk to you! These discreet, little-known sources are out to provide what you want, and to gain your repeat business. I am merely a "middleman".

If you don't have a satisfactory connection; if you're fed-up with "wild" claims and run-of-the-mill merchandise, then try me. I won't disappoint you! Send just \$1. You'll start receiving confidential offers (some with free samples) within two weeks! Act now! Do not respond unless you are at least 21, extremely broadminded, and seeking the truly unusual!

“DO CLOTHES MAKE THE GIRL?”

and I bring the house down because I stand out in contrast as being so feminine. Sometimes, I'll sing with other women and you know what? *I* am the most feminine of all—and they're natural born women, too!”

As a little demonstration, she put on a record. It was the famous *Stripper* theme song. It filled the room. The ex-male (now transformed into a lovely, curvaceous and softly feminine girl) started to do her routine.

She did a series of hip bumps and then a revolving grind in a rhythm with the movements of her upper body that made her a knockout. Slowly, she peeled off her blouse, then her silken belt, began to slither out of her pencil-thin skirt; soon she was

down to her panties and bra, her leggy movements were distinctive and without any forced pretensions that often accompany the gestures of the impersonator.

Before she could go all the way, I held up my hand, swal-

lowed nervously and mopped the ocean of perspiration on my brow. “Have a heart,” I begged. “I’m only human.”

She stopped the record and then got back into her clothes. Even these movements were so feminine, I would doubt that she had ever been a male. Dressed again, she asked,

“Now, would you have the same reaction if an impersonator did that bit for you? I mean, you would know all along that there was a real man under the clothes. Wouldn’t that make all the difference in the world?”

I had to admit that she was partially right. “But customers go to see an impersonator as such! They want to see what a man can do when dressed as a woman. That’s all part of the entertainment gimmick.”

The trans-sexualist became annoyed. “But they’re unable to put across the real feeling of femininity because under all their finery and under all their glamour—they’re men. I mean, it’s just a facade. A front, you

know. This disturbs the complete attitude. Now, as for myself, I have had myself made over into a *real* woman. I’m not just a woman in dress only. I’m a *physical* woman. That makes me the superior entertainer.”

I had to admit, also, that she was a voluptuous creature. Erased from my thoughts were items such as hormones, breast transplants, plastic surgery, galvanization treatments. Instead, I saw myself looking at a lovely girl with a generously developed bust, a nipped in waist, flaring hips and well-rounded buttocks. She had soft facial features, high cheekbones and naturally thick hair.

In fact, she was so feminine — she no longer looked like a female impersonator! There is such a thing as being too good, you know. But I decided to say nothing about it and continued interviews and meetings, backstage and in the private homes of entertainers — transformed females and impersonating females.

One impersonator who said he did not want his name mentioned, was incensed over the competition from these transsexualists. “What are they trying to prove? That they’re real girls? Clothes don’t make the girl, you know. (Many others sang the same song, by the way.) It’s what you put *inside* the clothes that makes the girl. Understand?”

While we chatted, the impersonator started to get out of his mannish garb and into a com-

“DO CLOTHES MAKE THE GIRL?”

plete feminine attire. He was a married man, by the way, with three children of school age. He had been a night club jokester, made the rounds of the various entertainment circuits in resorts and vacation areas. He was not too successful. He kept on with it because he loved show business.

One night, the main singing star became ill. The customers were fit to be tied. They demanded entertainment or their money back. It might have been a riot!

“The backstage manager

asked if I would go on, dressed as a woman — a comedy skit. He hoped that this might calm down the angry customers. Make them laugh instead of riot. He had a point. I decided to try it. I wasn't good as an impersonator. It was just for fun. My wig was outlandish. My clothes were floppy. I wasn't trying to impersonate a sleek, well-groomed woman. It

was a farce, a parody, something from old burlesque. Well, it brought down the house. They kept asking me for encores again and again. That was how it started.”

For the first time in his short career, this young man was a hit. If he could do it as a burlesque-impersonation, he might be able to do it as a carefully trained impersonator. He worked diligently at his craft.

“I spent hours learning how to wear clothes, how to walk, how to talk, how to sing. I studied makeup, fashions, female mannerisms. You know, they don't have impersonation as a school course. We have to learn it by ourselves and that's why so many of us are such experts. We work hard at this self-taught craft. Before long, I appeared in the smaller night spots, then I received offers from New York, Las Vegas, even Los Angeles. I've an offer to appear as a regular in San Francisco and may move my whole family there. After all, a father has to be with his children, you know. It isn't healthy for them to have me on the road all the time.”

While he spoke, this impersonator stepped behind a screen, changed from his manish garments into a complete-

BAMBI

ly feminine outfit. I could not see what was being done but I saw female clothes being flicked over the top of the screen. The impersonator became rather silent for a while. Then I saw a wig being removed from a table beside the screen.

Moments later, he came out. He??? It was a perfect *she*. Transformed into feminine finery, with skyscraper heels, seamless smooth hosiery, a mini-skirt, a soft cloth belt, a well-filled blouse, bracelets, a pearl necklace, glittering tear drop earrings and a full blown

BAMBI

blonde wig — together with exquisitely applied makeup and a whiff of exotique perfume — all added up to a lovely female.

“Like me?” The voice was completely changed and as feminine as can be imagined. It was even more feminine than the voice of a sex changed male-into-female. “Now... who knows best how to be a female?”

It is difficult question to answer. Personally, I am biased. I feel that an impersonator works so much at the craft that he adds something special in his role. Just because someone changes his sex does not mean he can be especially feminine. Now, at the risk of bricks being tossed at me, I have made my stand quite clear.

Readers — what do you think? You are invited to mail in your opinions. Send photographs if you are an impersonator and *Female Mimics* may later run a special feature on this controversial issue. Let's hear from you!

Sex And The Teenage Girl

The little-known but shockingly TRUE story of the immoral and perverted sex practices of today's delinquent teenager. Documented facts from official records, including actual testimony which tells in detail of the all-out sex acts and perversions that have only been whispered about or never before disclosed to the general public. This book tears aside the curtain of secrecy and bares the naked, brutal facts, revealing every form of sexual perversion practiced by and upon the teenage girl.

How teenage girls are lured into making pornographic films ● How and where these films are made ● The official inside story of how nude model schools operate ● How teenage girls make \$3,000 a year having illegitimate babies to be sold for profit ● The secret testimony on Marilyn Monroe's nude playing card photos previously banned from the mails ● The actual case histories, from police files, of 15 and 16 year old amateur prostitutes in Miami, Baltimore, Los Angeles, New York, Chicago, St. Louis, and Washington, D.C. ● How teenagers obtain the most obscene pornography, such as stag films, french postcards, photographs of bizarre sex practices, books dealing with every form of sex degeneracy ● Teenage girls' unnatural practices with animals ● The little-known stories of wild sex orgies in college dormitories ● How young girls are drawn to lesbianism ● How narcotics are used to induce young girls to greater and more perverted sex efforts ● Every variety of male and female sex relations—normal, abnormal, lesbian, homosexual, that police of Washington, D.C., Hollywood, California, Poughkeepsie, Baltimore, Providence, Chicago, New York, have discovered (based on seized pornographic films) ● All this and much, much more in this startling expose, revealing the little-known world of teenage debauchery with its concentration on finding new and different sex thrills and of those who trade on the young, the innocent, and the unwary. All true—documented with actual testimony and case histories. This book is destined to become a collector's item.
