Editorial

DARLINGS!

When I sit down to write the editorial I have the bulk of the magazine in front of me for inspiration. I think we have a very charming issue for you here. Tina Alameda, our art director, deserves special thanks for her imaginative contributions to our fiction illustrations. She pulls scrap and fluff from everywhere and turns it into a story statement.

I also want you all to know that this recent display of egotism, seemingly on my part, is actually Tina's idea. She and I have worked together on the last two "Kim Christy" pieces; "Allure" in the last issue, and "Backstage" in this. She feels that readers want more of my participation in the editorial content. I'd appreciate feedback from you about this. I don't want to be foisting myself on you needlessly.

On the subject of letters: I love them. If I receive a lot of letters and photos, I will devote more space to them in the magazine. This is the only way we can network people. C'mon! Our letter bag was piteously empty this month.

*Love,
Kim Christy*

BACKSTAGE

A MEMOIR BY KIM CHRISTY

My mother was an actress. Now I'm sure that a lot of you identify with that. Whether our mothers perfected the craft on stage, as mine did, or maybe they worked out their desire for drama in the kitchen, like others did, somewhere in our lives, many of us feel touched by something theatrical.

When I was very young, my mother would often take me backstage right into the dressing room with her. No one saw anything wrong with this because I was so young. What's the harm of a little boy watching fully grown adult women getting dressed and undressed, smoking cigarettes and trading confidences, attending to the millions of little details that dancers, singers and performers use to glamorize and enhance themselves before the big show.

Fortunately, or not, a much larger impression was made on me than my wonderful and loving mother could ever have guessed. I was conscious. I was aware. I was thrilled at the glimpses of lovely female flesh and lingerie that no one thought I would notice. I recall that my first exposure to a female set of tits was through the reflection in a dressing room mirror. I remember freezing in my seat as I played with boxes of make-up and bobby pins. I surreptitiously glanced around the room to see if any of the ladies that were more modestly dressing and undressing were going to blow the whistle. My mother was chatting away blithely with someone else in the cast, unaware of my secret voyeurism. In fact the whole room had seemed to carry on with their own preparations, ignoring me

entirely and leaving me to fill my senses and sensibilities with the uninhibited and feminine aura of the backstage.

Well, darling, it is a small wonder that I became obsessed with the enticement of the theatre and all its trappings. In less than ten years I would be one of those "full-grown women" attending to my own backstage needs (which I can assure you were great, indeed) and routinely involved in the exciting world of show business.

Being backstage is the yin to performing's yang. It's the passive and nervously restrained preparation to the aggressive and outgoing business of performing. People are often on needles and pins. Stage fright can lead to tears and anger over the slightest altercations. I myself, the empress of serenity, have more than once lost my cool and dressed down some dress-extra or prop girl for "stepping on my toes" moments before the curtain. And yet, no matter what kind of tears and heartache may rule your personal life, and no matter what kind of rivalry and petty dramas you may be involved in backstage, the show must go on. Suddenly, none of it matters at all. It's just you and the lights and "all these wonderful people out there in the dark."

Letters to the Editor

If you wish to write to Kim and possibly have your correspondence published, please address it to Kim Christy, C/O FEMALE MIMICS INTERNATIONAL, P.O. BOX 1622, Studio City, CA 91604.

Dear Kim,

When it comes to shopping, I think I'm worse than a real girl. I spend all of my money on clothes, and I just have to buy something every week such as panties, nylons, teddy or slip. About every three months I can afford a new dress, heels, or sexy torsolette, and once in a while a new wig so that I can be a new and different girl.

Last week I bought a new wig, and some pink chiffon baby dolls and I couldn't wait to try them on so when I got home that evening, I took off my dress and slip and tried the nightie on over my bra, panties, pantyhose and heels, and put on the new wig so that I looked just as you see me in the photos enclosed. I loved the "look" and was dancing and preening around to some soft music when the doorbell rang. I froze, wondering who it could be, but with the lights and music on I thought I had better answer.

When I asked who was there a young man I had gone out with a couple of times answered and asked if he could come in for a drink and how about going to dinner. I mumbled something hoping he would go away, but he was insistent so I opened the door at the same time, telling him I wasn't quite dressed. He took one look at me and I thought he was going to pass out. When he recovered he said I was the sexiest

looking girl he had ever seen and not to change a thing. His pants were bulging when he took me in his arms and kissed me and then his hands were all over me.

I said, "Please, Bill, you took me by surprise, I didn't mean for it to be this way." He said, "Never mind, you look so cute I could eat you," and I knew he had more than that in mind. I told him to wait right there, and started for the bedroom to change into a dress but he followed me there, sat on the bed with me standing in front of him and started feeling my legs from heels to panties with his face buried in the silken folds of the nightie. I knew that in seconds he would find the same equipment in my panties that he had so I had no choice but to ask him to take his clothes off. In seconds he was standing in front of me nude with his massive stiff shaft quivering and swaying in front of me. I gazed up as I took the swollen head through my lips to see the look of ecstasy in his face. Then I proceeded to give him head that he wouldn't soon forget, and to insure that he would have no further interest in exploring any more of my body that night. The experience taught me one thing: that while it is all right to flirt with sexy clothing it is quite another thing to provoke a young male beyond his ability to restrain himself. It was a close call and a

lesson well learned.

Sincerely,
Priscilla

Dear Priscilla,

My, my dear. You are playing with fire. Careful or you might end up in "drag don'ts." We love your letter here at F.M.I., please write again soon and thanks for the photos.

Laura

To Ms. Kim,

I'm sitting here in my apartment in Lincoln Park, Chicago, with the latest issue of "Female Mimics International" in one hand and my penis in the other.

I'm rejoicing in the fact that you are giving so much happiness to young men like me who want desperately to be "girls."

We want to enjoy the female mystique: breasts, silky legs, panties, bras, slips, dresses — all things that give women their specialness.

Your magazine has elevated every man who wants to be a woman to the heights of the angels!

I enjoy every issue, especially the editorial by you. You look so sexy in the current issue with your long legs so beautifully displayed.

"Letters to the Editor" is wonderful, too. For example, in No. 25, the mimic who calls "herself" "Karla" wrote an inspiring letter, and "Karla" looks so great too. My compliments to "her." "She" was so refreshingly candid about oral sex with "her" girlfriend.

I know I have a long way to go

to become a convincing-looking "woman." My photo shows some of my flaws — too big of a nose and not-too-sexy hair. But I'll keep working, exercising to shape my figure, electrolysis to make my legs and arms smooth; anything it takes to become the "woman" inside me.

I appreciate your encouragement through publishing letters like mine.

To borrow a phrase, Kim, "you are the greatest!"

Laura

P.S. Will "Dress for Success" be available as a video? I hope so!

Dear Laura,

Thank you for a lovely letter. Pardon me for saying that you are a classic example of a "girl" who is too hard on herself. I'm sure our readers will agree with me that you are an ideally pretty and naturally looking "girl." Why does everyone want to look like Morgan Fairchild? Don't change your face. It's lovely. Yes, "Dress for Success" will be available soon. Watch for announcements!

*Love,
K.C.*

Dear Kim,

I just discovered F.M.I. and it's a real blessing. I've liked women's clothing for years and have been dressing as and living as a woman as much as is practical at home. Once in a while I take an evening ride in the car to get out. I used to go in store but quit after too many looks and a few overheard comments. Apparently I didn't do so good in changing my looks. I have to wear a wig unfortunately as my hairline is receding and am a bit thin on top. I sometimes wear a padded bra if I want a larger bustline. Due to a somewhat irritating amount of short but visible body hair I always have to wear something that covers my

whole back and long haired wigs. My legs and upper body hair I shave so that is not a problem.

For a long time now I've been alone with my feelings and your magazine is like a miracle for me. At last I now have a chance to get to know others like myself who though that they may never go the whole route of hormones and surgery, do live at least part of their lives letting their feminine side have its fair shake. I used to play with dolls and the girls when I was a little one till my dad made me stop.

I've started to explore the feminine side of my sexual feelings and have had a chance to try oral sex with a gay friend who was kind enough to let me try when I told him I sometimes wished I could. He felt that at least that way I would know if I'd like it or not, and wouldn't make any difference in our normal friendship. I'm not gay by the way. I really enjoyed it and have wished to be female even more since then. I've explored what I can do with an artificial penis and have got to where given the right mood and chance I could take a normal sized one and have gotten some idea what a natural born woman feels like when she gets a penis inserted as I get a rush and shudder with pleasure sometimes when it goes in. Short of going the full transsexual route which isn't practical for many reasons I think this is about as far as I'll ever be able to carry my feminine nature, but am grateful to be able to do that much. Finding friends through your magazine may lead to a special relationship with someone who can help me experience some of these things for real and maybe find the girl I seek who can fulfill a missing part of my life.

Take care, write soon, and keep up the good work.

Love,
Sandy

A Reader Contribution

I'd like to thank Mr. Preston for his very complimentary letter and his skillful drawing. I've reprinted his letter here — not for self-gratification but to let readers know that all types of men reside in our penal system, and not to pre-judge them.

Ms. Kim Christy,

Hello . . . Enclosed please find one pencilled portrait of yourself and accept its offering as a gift, intended to express my appreciation for the pleasure your appearance gives me.

As may be obvious by my return address, I am incarcerated . . . But were you to become aware of the facts surrounding my situation, I sincerely doubt that you would think me to be dishonest.

The people in here can best be described, for most, as the lowest form of life . . . I don't like them or their ways and most don't like me because I reject all associations with them and generally don't fit in with their lifestyle. I guess I am telling you this in part to let you know that I have no ulterior motivation in contacting you. I want nothing from you, no pity, sympathy or charity and will accept none. From what I see in here, most prisoners write to people only for whatever money or gifts they can get them to send and in case you have ever been aware of this I just want you to know that is not the case with me.

With Much Respect & Admiration,
Robert Christopher Preston

P.S. Oh, I suppose I'd like to tell you a bit more about myself. I am 31 years old, 32 on the 23rd of this month, white, brown hair and eyes.

by R.C. Preston .

Michelle:

The Art Of Seduction

In our last issue we covered Le Rey's fabulous Battle of the V.I.P.'s. The hands down winner was this lovely creature that we present to you for the first time on the pages of F.M.I. We'd like to tell you our first impression as she walked into our studio to be shot for this session that you see on these pages: A statuesque and imperial empress, a little girl dressed up in mommie's clothing, a bad biker's chick out on a tear, a Vegas showgirl, and quite possibly, a goddess from another planet.

As we talked with Michelle before the shoot she was naturally a little shy. Most people are in the setting of a photographer's studio. The lights are glaring and make-up people, photographers and studio employees are all scurrying about. The world of magazine production can be hectic and high paced.

Her huge brown eyes darted a little while people rushed about and we were reminded of a younger Leslie Warren. Her eyes expressed more than the modest well-mannered person that she was presenting to us in the moment. Would she be able to express the fire and drama that those flashing brown saucers promised?

Our hairdresser came late and stopped dead in his tracks when he dashed into the room. After working miracles with models that often had a thatch of overworked and bleached frizz, he was delighted to have the opportunity to work with her thick and luxurious mane of ebony tresses. We think he did a wonderful job. The moment of truth finally came as Michelle took her place in front of the camera. The shy and well-mannered woman turned into an expressive model who became capable of portraying everything that our art director and photographer could dream of asking her to do.

We hope you enjoy the results of the combined efforts of our staff here at F.M.I. We certainly enjoyed the pleasure of working with a model who made it seem like no work at all.

TV CONFESSIONS

Chris put the pistol back into the attache case and put it behind the bar. He finished off the last of the martinis then went into the bathroom. He carefully laid the marabou negligee and nightgown on a chair then stepped into the shower, adjusted the water to the right temperature and he felt good with the water spraying over his naked body. He always had. He smiled inwardly as he remembered another shower long ago . . . He was between sixteen and seventeen and he still hadn't been laid, but if he was every going to start it would be with a girl named Cindy who he'd been going with for several weeks; a delicious piece of fluff who dressed like a million dollars from the money her mother and father sent to her from their frequent trips around the business world. It seemed they were always on the go, and there was the big house, and there were many boyfriends. But all the others ceased to exist when Chris came into the picture. They had met in the school cafeteria their last six months of high school; he had bumped into her and spilled her tray of food, a very embarrassing moment for him; he paid for lunch, they talked and became immediate friends; he liked her from the first; liked her style; liked the way she talked, moved, wore her clothes . . . he was worried she would suspect his innermost thoughts when his

eyes fastened on something especially interesting to him; something he wanted to wear . . . at those times he always attempted to divert his eyes, but he was never quite sure if he had been successful in those attempts . . . Cindy never let on if she did know . . . not in the beginning.

Cindy was not just another Ruthie, who was forced to leave town three years before to live with an Aunt and Uncle when her parents were killed in an airplane crash. He couldn't just come out and tell her . . . perhaps after they had fucked . . . knew each other's bodies . . . when they found if they could please each other . . . maybe then, some little hints, and then the full measure . . . when they got used to each other . . . the timing had to be just right or he might blow the whole scene.

One minute the day had been clear and sunny, and they were walking home from school; he walked her home from school since they had met. The deluge hit them and they were drenched within the first few seconds. They ran the rest of the way to her house with the water pouring out of the soaked clothes and soggy shoes.

"You can't go home in this rain," she said on the front porch.

"It would be rough."

"Come in and dry off."

"That might take a long time. I'm soaked to the skin." His hands pulled the soggy pants away from his

T V C O N F E S S I O N S

skin.

"From the looks of that sky, this storm is going to last a long time."

She unlocked the door and they went in, dripping water all over the kitchen floor where they had rushed after entering the house. "I've never seen it rain so hard," she tore off the red cardigan she had been wearing. The blouse underneath fared no better and her skirt clung desperately to her legs. She pointed to a door just off the kitchen. "It's the maid's bathroom, if we had a maid, which we don't. Go in there and take off your clothes and get under a hot shower. I'll do the same upstairs. I'll find something for you to put on. I'm afraid my father's stuff would hang on you like a scarecrow."

"Maybe something of yours," he braved the words.

"Why not?" she opinioned. Then she was gone out of the kitchen and Chris went into the bathroom, his mind gone dizzy with what to expect; what she would bring from her luscious wardrobe. All the hopes and dreams of what might happen sent him into a fantasy world of fetish frenzy. He pulled at his soggy clothes, getting them off his body as quickly as he could. Then he got into the shower and did that action just as quickly. He got out, dried off and wrapped the towel around his middle and sat down on a chair to wait . . . It was a long wait, more than twenty minutes. It always took girls a long time when they were in the bathroom. But finally there was the dainty knock at the door.

"Decent?"

"I'm wearing a towel."

"I suppose that's decent enough. I've been to swimming pools where the boys wear much less." She opened the door and was radiant in a yellow turtleneck sweater and matching skirt. She handed Chris a red turtleneck sweater and red slacks, along with some fluffy pink slippers and a pair of red, black

trimmed panties. "Colorful, huh!"

He didn't want to seem too anxious. "Panties?"

"I wouldn't know where to look for shorts."

He felt that he almost blew it, but quickly and calmly caught himself.

*"I've
wanted to get
into your
clothes ever since
I met
you!"*

"These will do just fine. After all, you've had them on, and it's like I'll really be close to you."

"I like that. I really like the way you say such nice things all the time." She walked the few steps back to the door then turned to face him again. "You might even look cute." He wasn't too sure about that without a wig and full makeup but he knew he'd feel good with the clothes on. She went out and closed the door behind her.

Chris quickly shed himself of the towel, and just as quickly slipped into the panties. His dick immediately began to rise. He slipped into the sweater and stuffed some toilet paper into the appropriate places. When he pulled on the red slacks, he only took them up to a point where his dick could be freed out of the panty leg and lay over the top. He did take his dick through the panty leg, and after fortifying his one hand with toilet paper, he took the dick into his right hand and started to slowly move it up and down the shaft.

The girl illusion was almost complete as he looked into the bathroom

mirror. It was only a regular bathroom mirror, so he could only see the upper portion of his body, and just a bit below the bottom of the sweater. He used his mind to the fullest extent for his illusion because there was no wig. He told himself, silently, over and over, that he was a girl who had her hair cut a bit too short . . . it was working and he could feel the pressure rising steadily in his balls, and his face became flushed with the building excitement . . . the rhythm of his hand strokes increased by the second. His cock throbbed and pulsated in the palm of his hand. He gripped his fingers tighter around the shaft as it began to swell, ready to discharge his load.

"You don't have to do it that way!" Her voice seemed to come from a thousand miles off in his sex-blazed mind. But the thousand miles was too close. His cock went flaccid in his hand. He didn't want to turn to the door, but he knew he had to . . . he had been caught and he had to face up to that fact. But his turn was slow in being accomplished. He looked at her with eyes which still held the glazed appearance of the lust he felt when he was jerking off. "You really don't, you know."

"I . . . I . . . don't know what to say."

"There's nothing to say. I've said it all for you. Come up to my room." She turned in the doorway and Chris slowly followed like a whipped puppy dog.

Her room was beautiful in its frilly decor. It was all her; held her personality to the fullest . . . she didn't bother to close the door behind them. "I've been with boys before. I'm no virgin, Chris . . . You should have let me know. But what turned you on . . . the clothes?"

"Yes." It was a slow word.

"How? Because I've worn them, like you said about the panties?"

"It's more than that." He suddenly felt if he was going to lose her because of the truth he must tell,

T V C O N F E S S I O N S

then it was better to get it over with and spare any more aggravation on his part. "Sure, I like them because you've been in them. But like you said about your being with other boys, I've been in other girl's clothes. I like wearing them. I hate boy's clothes. I get into girls things every chance I get. I've wanted to get into your clothes ever since I met you. When I put them on in the bathroom, things happened to me. Ever since I can remember, when I put them on, things happen to me, and I like what happens . . . and I play with myself.

"Have you ever fucked a girl?"

"Where did you learn that word? Girls don't go around using that word."

"That's what the boys all call what they do to a girl."

"I know. But coming out of the mouth, your mouth, so pretty and all."

"I may be young, but I'm not naive." She walked across to sit on the edge of her immaculate bed. "Have you?"

"No!"

"Then you should try it."

"With you?" he blinked.

"Isn't that what I was telling you when I said you didn't have to do what you were doing?"

"I thought as much . . . but . . ."

"You want to keep them on?"

"I want to try fucking you."

Chris crossed to sit on the edge of the bed with the fantastically beautiful young girl. Then he had second thoughts about what he had said. "We might get in trouble."

"We won't get into any trouble. I'll see to that. But you haven't answered my question." She rubbed the sleeve of the sweater he was wearing. "Do you want to keep them on?"

"I doubt if I could make it naked."

"You won't make it at all with those slacks on . . . no fly!" She got up from the bed and went to a mir-

rored wall closet and came back with a white skirt. "This will make it much easier." She handed him the skirt, and his stomach did a light flip. He started to take it toward the bathroom. "You don't have to go in there. I'll see it all in a little while

"She handed him the skirt and his stomach did a light flip."

anyway." Somehow at that moment Chris thought he was listening to a much older girl. But she was still the same young, and very beautiful Cindy. He looked back to her then returned to the edge of the bed where he stripped off the red slacks, and it was quite apparent what was happening in the black lace trimmed panties.

Her eyes went wide at the sight, and her hand inadvertantly went under her own skirt, and even though Chris couldn't actually see fully what she was doing, her hand had sought out the leg of her skimpy panties and she began fingering herself. She only did this for the moment it took Chris to slip the skirt into place and zip it tightly around his hips. But for the moment that was as far as he could go, he didn't know what else to do except as he had always done; take his prick into his hand and start jerking off.

Cindy sensed his predicament immediately. She took her hand from under her skirt and moved closer to him. She let the same hand go up under his skirt and through the leg of his panties. She took the harden-

ed dick between her fingers and pulled it free. He never had been built very big, or long for that matter, but it had been adequate for what he had always done . . . but he didn't know what she was going to do with it as she moved her hand up and down the shaft, as he had learned to do so expertly.

Then her head was going downward. Only the tip of her tongue produced itself at that point and it touched the head of his cock, and the tongue tip slipped back and forth slowly, wetting the complete end. His eyes glowed as he watched her lips part and she took the entire cock head into her mouth. Her lips locked just behind the ridge of the cock head and her tongue swirled over it; washing it completely before she permitted the entire shaft to be sucked into her throat. He felt the end hit her palate, and her body heat seared his sex instrument into full life.

Chris had never been so thrilled. He threw his head way back and twisted it from side to side . . . his hands went up to the front of the red sweater where the toilet paper inside still gave the feigned illusion of titties . . . he squeezed them . . . he kneaded them, and he made soft purring sounds.

Her free hand went up to squeeze at his balls which were starting to strain in their sacs. He knew what was happening but never before in his life had he felt such a fantastic pressure building there. His cocks was pulsating, throbbing in her mouth and still she sucked him. He squeezed the two points of the sweater until he was hurting himself, but the slight pain only added to the pleasure he was feeling below.

He squeezed his legs tightly together, and they began to quiver in his demands for release . . . and she was going to give him that release with her tantalizing tongue and sucking mouth . . . then she took her hand away from his cock and

T V C O N F E S S I O N S

once more put her fingers up through the leg of her own panties and began to finger fuck herself, and she was moaning into the head of his cock . . . sounds of passion also issued from Chris' throat . . . The faster Cindy diddled her clit, the faster her head traveled back and forth, her lips and tongue torturing his cock, sucking, pulling the very essence of his being out of him. His balls swelled and the juice was released. It fired out of his balls and shot through the head. He had never witnessed such an explosion in his life. He thought the cum might blow out the back of her throat. But the more he shot, the more the girl gulped, sucked, swallowed and took it down into her guts. She seemed not to get enough of his goo, and she might never have stopped going down on him, but when he was dry, the pain began to shoot through his balls and he had to pull her loose . . . That was another something he'd never experienced before. When he had jerked off, he would stop when the pleasure stopped, but Cindy had continued and it hurt like hell.

"Did you like that?"

He rolled his head slightly around so that he could look at the girl. "Wow!"

"When you're rested, I'll show you some other tricks I've learned . . ."

"I don't think I'll ever be rested again."

"Sure you will," she replied, patting his hidden dick, then got up to pull the top of the sheets down. "Want a nightie?"

He got that feeling between his legs again, but this time it wouldn't come up . . . it wouldn't for a while. "Are you going to put one on?"

"Yes! Satin sheets always feel better if you've got a satin gown on."

A satin nightgown was also something his body had never felt before. "I'd like to put it on."

Both of the gowns she took from her mirrored closet were floor length satin, one in yellow and one in white. She handed Chris the white one, then started to strip. "I'll want you to do me that way later," she said as she pulled the sweater up

"When did you get started wearing women's clothes?"

over her head.

He blinked as the red sweater came up over his head and the toilet paper titties fell to the floor. "I don't know how to do that."

"It won't take you long to learn." She slipped into the satin nightgown then reached down and picked up the crumpled toilet tissue from the floor. "I've got some falsies I'll give you later. I used them when I was a kid and wanted to to impress some of the older boys at school. A girl always has to put up a good front. That's something for you to remember, being the way you are." She tossed the toilet paper into a bedside wastecan, then climbed in between the sheets. He stood looking down at her, the thrill of the clinging satin putting wild fantasies racing through his young brain. "Well, come on silly. Get in. I won't bite." She giggled. "I didn't before, did I?"

He did as he was told and they pulled the satin top sheet up around their middle. "I really like you Cindy."

"Me, or my clothes?"

"Both, I guess."

"Well, anyway, for a time, I

guess you can have both because I like you very much also. I don't care what you wear as long as you can do things for me, like I just did for you. And you're going to stick your thing into me after you get me all hot and bothered with your tongue."

The thought of using his tongue on her gave him a momentary start because he didn't know what to expect . . . how would it taste? But he'd go through with anything Cindy wanted because the lure of her beautiful wardrobe was stronger than anything else in his mind. He had seen a lot of it, and he had always wanted to get into anything she wore since the beginning. Here at last was his chance.

"When did you get started . . . you know, wearing girls' clothes?"

"I guess I always thought about it a lot. I never liked boys' clothes," and he told her about Ruthie, the yellow sweater and about the cousins in the blue angora sweaters.

"Was she pretty?"

"She was real little."

"And you never did anything with her?"

He shook his head. "We only got all dressed up in her things and played with ourselves. I guess we were pretty dumb about things like you know. But we were real little."

She reached under the sheet and took his hand and drew it to her crotch. She had pulled up her nightgown and unlike Chris, she had taken off her panties. His hand was placed over the soft hairs of her muff. She bent his finger and it went through the opening to her vagina. For the first time he knew what the inside of a cunt felt like . . .

Chris came out of the shower and the urge became strong in him. He put on fresh panties, and the marabou negligee and faced his full length mirror. He pulled his cock out through the fresh panties and took it into his hand. He had plenty of time for a five fingered symphony.
