*Dear Ones,*

*An FMI reader enclosed a note in the envelope with their ad placement for this latest issue that said something like this, "Sorry you had to add the charge for ad placement, but I guess it's understandable considering that they have shut down three stores in my area recently."*

*Now, while I love the fact that more of you may be subscribing to FMI directly, we cannot ignore the larger issue of censorship. FMI has always maintained strict standards of taste and decorum. We show no genitals, even though many of you have asked to see them (especially mine). I find the fact that many of the people who are lonely and seeking others like them for company and friendship will be without as many opportunities to meet each other, very distressing.*

*Many people in this lifestyle are not in it for a sole sexual reason. Often, there is simply no other choice. For those of you in this category, I want to tell you that I well know the feeling of being a creature that Mother Nature and Father Spirit conspired to make not quite of one sex or the other. It was as if I had the opportunity to make my own decision, and I did. I didn't know where to go to find communion with those like myself. I wish I'd had FMI then.*

*The fact that some people who have no vested interest in these issues are trying to decide what you and I can read and view is diabolical in the true sense of the word. Think about this when you vote.*

*Love,  
Kim Christy*

ANDRE BERG

We'd like to thank the reader who generously donated this special issue of Photo to our files. We thought that a review would be interesting, but for the life of us we could not figure out what it all means. Now, Tina Alameda, who claims to be of Italian descent, says that the top headline translates to "The secret library of . . . Photo."

Back to the book. This collection of over twenty of the loveliest TVs of the other continent is beautifully printed

and presented. The shots which often show soft genitals, are tasteful and not offensive. It is as if they were included to "prove" the qualifications of the girls more than to be gross.

Now this was published in 1982, and it may be hard to get ahold of. No specific address was given, but the distributor is A&G MARCO, Milano. Also you might try Photo Magazine and see if they can help you. At any rate, enjoy the small glimpse we can provide you.

Often in the pages of FMI I have extolled the virtues of the wonderful Leroy for her great ability to throw the best bash in town. Her two balls a year are the finest of the drag events in the southern California area.

But, have I told you what a great performer and dancer

FABULOUS  

Lerey is herself? Her costume collection is unrivalled, except maybe by MGM. Her versatility is awesome. One minute she is a glamorous diva, the next, she is a ragged clown. She deserves the phrase most often associated with Noel Coward. She truly has "a talent to amuse."

Dear Kim,

I guess most of us have wondered from time to time how we got to be the way we are. In my case I was trained from infancy. Shortly after I was born my real father died and a few years later my mother remarried. She didn't realize until a few years later that he was a TV, and then she ran off with another man and left me with my stepfather. It didn't take long for him to decide that I should wear little girl dresses, slips and panties and convinced me that it was just for fun. This went on for years, and when not in school I was always dressed as a girl which I began to love and couldn't wait to get home to don my feminine delights. In my teens my stepfather liked to dress me like girls in his high school days — sweater and skirt, nylons, bobby sox, and saddle shoes. One day he really got turned on and started making love to me, which I knew nothing about, but trusted him to do the right thing. Then I began looking forward to our trysts, always promising never to tell. Later, on one of our regular shopping trips, things began to change. We stopped in front of a woman's shoe store and he said it was time I had some heels. We window shopped and then went inside

where the shoe clerk removed my shoes and bobby sox and fitted me with a pair of white pumps with 4" heels. I walked to the mirror and from that moment I was no longer just a boy in girl's clothes, but a young lady. My legs had become sexy and beautiful and I was thrilled beyond words, and I

noticed the admiration in both men's eyes as I turned to face them. I felt like a princess. Since I felt grown up I asked my stepfather one night if I couldn't start dating boys my own age. He threw an absolute fit so I backed off, but still had a compelling urge to be with a boy. Finally he agreed

---

***“But one night I just had to show off the many skills my step-father had shown me.***

---

***Pricilla***

to let me go to the movies on Friday nights alone, but I had to be home by eleven. I was in heaven when a boy first tried to pick me up, but I was afraid and refused. But that changed, and soon I had a date every Friday night. I instinctively knew that I had to take proper precautions with boys, but one night I just had to show off the skills that my stepfather had taught me and I gave a boy the biggest thrill of his young life.

Looking back, I wonder if things would have been different if my mother hadn't remarried the man she did. I'm sure now that over the years he had been feeding me "female hormones" somehow because I'm small, with very little body hair, and began developing small breasts in my teens. But maybe it all turned out for the best because I love being a "girl."

Love,  
Pricilla

*Dear Pricilla*

*My staff and I would like to thank you for your continuing contributions to our magazine.*

Dear Kim,

I always enjoyed dressing in female clothing. When I went to the doctor. I had to pull my pants down and they saw I had panties on. From then on I wore my sister's panties, slippers, dresses. I fell asleep with her bra on and my father and mother came in my room and found me wearing her bra. I used to wear all kinds of female clothing. I stayed over at my cousin's house sometimes for the weekend and I used to sneak his sister's slip on when I took a bath. I always loved the material, satin. Later, when I started working, after work I used to buy girdles from a store and go somewhere to a restroom and put it on. It felt so good. When I was

younger the people across the street had a son and one time when he was by himself and I was there he made me give him a hand job. Later I got married and I wore my wife's Platex girdle which was rubber at that time. I wore her dresses, slippers, bras, and panties. She caught me one time. During my second marriage I also wore my wife's clothes — underwear,

---

*“During my second marriage I also wore my wife's clothes.”*

---

bathing suits, girdles. She had some beautiful mini-dresses that I wore with "Legs" pantyhose, boots, mini-slippers, bra, and wig. I had to wear three pairs of pantyhose to cover the hair on my legs. I really looked beautiful. I especially liked her black satin mini-dress. I felt so sexy and I really looked like a real girl. No one would even know I was a male. I wore her swimwear, short bodysuits, nightgowns, girdles, bras and panties. She caught me with a girdle on and she caught me wearing panties to bed. I really had sex with her but I still loved female clothing and I always felt like a girl. I should have been born a girl. I always wanted to be a girl. I got a divorce and I've been going with a girl now for six years but I still want to be a girl all the time — if someone would take me for their girl. I can cook, sew and clean house. I never liked sports in school. I wanted to be with the girls. I've got a pretty good shape since all the girdles I wore. I look real good in a swimsuit; you can really see my nice rear. I took pictures of myself a lot in female

clothing. I would like to meet someone and have a real nice friend to help me out. I want a relationship. I'm tired of living as a male. I have a few ads from your paper. I've enjoyed every magazine of yours. I cut some pictures out and stuck them in my wallet. Please help me. I want to be a female all the time. I need financial help and hormones to get started.

Love,  
Patti

Dear Kim,

In F.M.I., Volume 15, No. 5-31, you published a letter from Carol who lives near Chicago. She seemed to doubt or question the wisdom of a T.V. finding happiness in a heterosexual marriage. (Please relay or publish my comments.)

Like you said, most people get exactly what they put into a relationship. I have been married for 17 years and we have a strong stable relationship. If anything, cross-dressing has added a lot to the relationship, not because of the dressing so much as it is something unique in the relationship. We are a 2-career professional couple with 2 dynamic egos. While that can damage many relationships, the fact that I like to cross-dress provides both of us with a neutral creative outlet. The possibilities are endless.

Carol, you should take note of the fact that your girlfriend has told you something. She accepts the dressing as part of you and that is an important part of any stable successful marriage. Also, there are 2 Chicago area groups. Tri S and the Windy City Chapter of the C.C.A. Sometimes it is better to seek the support of those who are in a similar situation!

Kim, keep up the good work. I really enjoy F.M.I. even if it is sometimes hard to get ahold of. I normally don't advertise or keep

up much for correspondence because I have a lot of demands on my time but if Carol would like to contact someone who is married and in a good relationship please relay my address to her.

Peace,  
Dianna

*Dear Dianna,*

*Thanks for the good words on marriage. I was heartened to hear about your experience. So many people read this magazine for different reasons. Sometimes I think that we don't have enough words from people who talk about the more practical and realistic side of the life we have chosen. Readers, hear my plea and tell us about your lives as well as your fantasies.*

Dear Kim,

Some say that Love is a black filmy Ralph Montenero negligee worn by a beautiful girl on a huge mirrored bed.

But that's just a fantasy — or is it?

## Rhonda

Dear Kim,

Thank you for inviting me to use this forum to share some of the happier moments of my cross-dressing life. Recently, I moved to this Northern California town from the upper Midwest. I am glad to be closer to my "sisters" for the area I moved from is a hostile desert of intolerance and loneliness. I still have a wonderful family and a high visibility job, so I must remain closeted for awhile longer but the opportunities to get away and become Jenny once again have increased.

Prior to moving permanently I made a 5,000-mile, 16-day trip into this state for job interviews. Out of the 16 days I spent a total of 9 of them cross-dressed as Jenny. This included much time in restaurants, checking in and out of motels, shopping, and even a pleasant time in a couple of motel cocktail lounges being hustled by some very sexy, but unsuspecting straight men.

One of the highlights of the trip came on the homeward leg in one of the larger cities in Montana. I decided to do something I've always wanted to try. Posing as a blushing new bride-elect I went into a local bridal salon allegedly to select a proper gown for the alleged "big day." I prepared myself by purchasing and wearing an inexpensive Zirconia engagement ring, and rehearsing the details for my forthcoming nuptials.

I was very nervous and afraid of being "made" and of the resultant embarrassment as I entered the shop, but was quickly put at ease by the two middle-aged owners as they accepted their first impressions of me blushing and adorned in my pale pink sundress and my white, heeled sandals.

The next two and a half hours went by all too quickly as I tried on over a dozen beautiful bridal gowns in a variety of styles and fabrics from satins to chiffons. I

paraded and posed in front of the large mirrors as the proprietors spread the long trains behind me. I selected a couple of favorites and put them on again to match them with a variety of beautiful veils and hats. Thank goodness my wig decided to stay secure.

After getting a list of prices and other information about the gown and veil I had allegedly decided upon I bid farewell to the two

---

---

ladies who had treated me so well as a girl. I got back on the road with the excitement carrying me for hundreds of miles.

I have since done the same illusion twice, once successfully and the other time a disaster, but that is another story and I like to stick to happy endings and besides the first time at any experience is the most special.

Love to all of you,  
Jenny

*Dear Jenny,*

*Thank you for a breathtaking story. As I was reading it I kept picturing myself in the same position, and I thought, "What the hell, suppose they did figure it out?"*

*Sometimes, when my self esteem is high I really could care less what narrow-minded people think. I certainly harm no one by wearing women's clothing. What right do they have to be so outraged?*

Thanks,  
K.C.

Dear Kim and F.M.I. Readers,

I am a 33-year-old T.V. who has, in the past 22 years, enjoyed the ecstasies and agonies of being a member of that gender of males who have crossed that fine line between masculinity and femininity. I have enjoyed my total feeling of femininity and it has always been heightened when I could enjoy it by being feminine in appearance and expression as well.

I feel that I have come a long way in the past 4 years in realizing more about myself and learning to accept myself than I have in the previous 18 years before. I know that I still have much more to learn before I am totally aware of just which direction my life is going to take.

I have read many different letters and articles in magazines that I have found that caters to T.V. in part. I have also found some magazines that cater totally to T.V.s but I have found them to portray the T.V.s in pretty much a distasteful manner. Your magazine is the first one I have found that I am pleased to say is, to me, both interesting and tasteful.

It is because of this that I have taken pen to paper for the first time in all the years that I have read such magazines. Yours is the first magazine that I have ever felt was tasteful enough to want to write to. I want to thank you for such a fine magazine and also those who contribute to it through letters and articles. Please keep up the good work.

I will write again. I have many experiences I would like to share with the other readers, if they would like to read about them. I have had many experiences, both good and bad, that I am thankful for because of the learning that I have received from them. Thank you again and keep up the good work that you are doing.

Love,  
"Sabrina"

Dear Kim,

Some time ago I submitted a story to you. When I didn't hear anything, I wrote a letter. I still didn't hear anything, but decided that someone might have tried to call when my phone was out of order.

At any rate, I am sending a new manuscript which I hope F.M.I. will publish.

The Best Little Cocksucker in Texas  
(With Apologies to Dolly Parton  
and Burt Reynolds)

By Ricky Harrison

It was my day off and I was bored.

After all, I hadn't been fucked or sucked a cock since coming to the Texas town two weeks ago.

Oh, there were men who ogled me at the newspaper office where I worked on the copy desk. But they were just men who liked to look at pretty girls, or perhaps to make out with the new broad. I didn't know yet how they might react if I revealed that I really was a man under the dresses.

When I took this new job, I decided to abandon my previous twin existence — a man by day and a woman by night. "Ricky" became "Ricci" and I could wear my female wardrobe all the time. I was letting my nails grow, so soon I wouldn't need the false ones. My hair, already long, was growing long and, with a perm, soon would replace wigs. I was no Dolly Parton, but hormones had helped me to develop some cleavage.

As I said, I was bored. I needed a man to bore me the right way. Besides, I had a new dress I wanted to wear — an apple-green sheath with a low neckline and a split skirt that enhanced my shapely legs.

A town of nearly 350,000 people must have a sizeable gay community and undoubtedly some gay bars. But I didn't know where any of them were and didn't feel like going on a safari.

I had noticed a small bar not far

from the office and decided to go there first. If nothing was happening, the bartender probably would steer me somewhere more promising.

I showered, shaved and dressed with care, wearing sheer pantyhose and an uplift bra that displayed a small amount of cleavage, with a promise of more, under the green dress. I chose my best perfume, gold earrings and a black wig that was softly waved, but a bit tousled as if I had run a comb through it hastily

---

---

after arising from someone's bed. The black hair and vivid red lipstick helped to emphasize my greenish-blue eyes.

It was a nice day, but I decided to carry a light stole in case it got chilly later. Slipping on green pumps and taking up a small green handbag, I surveyed myself in a full-length mirror before starting out.

"Hmm, not bad. If I were so inclined, I'd fuck you myself," I told my image.

There were a half-dozen men in the bar and a handsome black bartender. I could feel the men eyeing me hungrily as I sashayed to the bar, hips swinging provocatively, and ordered a gin and grapefruit juice.

Texas has a variety of local option liquor laws. In this town, if you wanted a drink, you had to bring your own bottle and the bar would sell you set-ups.

After the bartender explained this to me, and said I could buy a bottle at a liquor store in the hotel on the

corner, a man in the corner booth spoke:

"If the little lady doesn't mind bourbon, I'd be pleased if she'll join me for a drink."

I recognized the type at once. Many are the times I've had such men as customers. Middle-aged, slightly paunchy, florid of face. Obviously, a traveling man staying at the nearby hotel and looking for some female companionship.

"Thank you, sir. You're so kind," I said as I slipped into the booth beside him so that our thighs touched slightly. I let my skirt hike up a bit, revealing the inside of my thighs above the knees.

"What's a good-looking lady like you doing out all by your lonesome?" he asked as he ordered me a ginger-ale to go with the bourbon.

I decided to be blunt.

"Looking for a cock to suck and someone to butt-fuck me," I said, reaching for his crotch and an already hardening dick.

He reached for my pussy, but I distracted him by nibbling at an ear lobe and stroking his cock through the cloth.

"Don't do that too much," he said. "I don't want to cream my jeans."

Again, he reached for a pussy, and again I fended him off, this time by crossing my legs.

"What about these other men? 'Spouse they'd like to butt-fuck me too?"

"You must really like taking it in the ass. But let's not forget your cunt."

It was time to enlighten him, so I uncrossed my legs, took his hand and guided it to the promised land where it encountered a cock and balls instead of the expected pussy.

"Why, you've got a prick just like me," he stammered. "What are you, some kind of hermaphrodite?"

"No, just a transvestite who loves dressing like a girl, sucking cocks and getting fucked. And I'll guarantee you I'll give you the best

blowjob you ever had, and that my asshole is tighter than your wife's pussy."

Maybe it was the mention of his wife that decided him. It was definitely the hard instinct, and the feeling that there was safety in numbers that caused him to call over the others, tell them what I was and offer them a piece of the action.

"Let's take this little cocksucker over to my room at the hotel," he said. "Let's see if he really can blow all of us, and let all of us fuck him, like he — or should I say she — says."

The moment we got to the hotel room, I dropped to my knees and began to suck. I took my benefactor first, tonguing his piss-slit, kissing his shaft and licking his balls before gulping down his rock-hard dick. It was delicious, made even moreso by my long abstinence.

Soon, we were all naked and the others were playing with themselves as they watched. That's fine, to keep their pricks hard, but I didn't want them to waste any cum in the air that could pour into one of my eager orifices.

"Won't somebody fuck me, please?" I pleaded as I realized I still had an empty asshole.

One of the men, paunchier — no, fatter — than the others, immediately filled the void.

Like many fat men, his dick wasn't very big. But, after two weeks of dildos, the real thing felt good — even that little one pumping into my asshole and the fat belly slapping against my cheeks.

As a matter of fact, not one of the men measured up to the size of my dildos. But, a dildo doesn't cum and I'm not enough of a contortionist to suck myself as some men can.

During that first round, I gave four blowjobs and was fucked twice. I shot my load three times, and was ready for more. But the six men, not being as young as I, had to rest between times.

As we rested, and as I was working up some more hard-ons, I

said:

"I usually get paid for this. However, as a special introductory offer, today's ministrations are free. Any donations you might like to make, though, will be greatly appreciated."

When we finished, five of the men gave me \$75 each and the sixth tossed an even \$100 into the kitty. I often wondered how those, and future payments for services rendered, were listed on their expense accounts.

---

*"I'm one of those rare genetic females who just loves she-males."*

---

Tony, the bartender I went back early the next day to see, didn't have an expense account, as I never charged him.

Of course, Tony knew I was a man. But he never told any of his friends, simply introducing me as "the best little cocksucker in Texas" and letting them find out for themselves.

Dear Kim.

What a pleasure it was to be able to enjoy my first copy of FMI. You are to be complimented on the tasteful quality approach the magazine takes in dealing with cross-dressing.

I'm one of those rare *genetic* females who just love she-males. I've actively helped quite a few "girls" over the years and in fact am working closely with two currently.

Is FMI available on a subscription basis? I ask because I don't *really* feel all that comfortable searching through "dirty bookstores" for your fine magazine. In fact, I'm turned off

by 90-plus-percent of TV and TS magazines which are so overtly sex oriented.

Men who are genuinely interested in cross-dressing need *quality* encouragement such as your magazine provides. Three cheers for the good that you are doing and the inspiration that you provide!

I'll freely admit that I "control" my girls for their own good — and — increased rate of development as the females they so very much want to emulate. The training and help I give is not to create sexual stimulation. Therefore my cardinal rule is that the girls cannot begin to dress or make up without first ridding themselves of their "urges."

Additionally, the focus of my help and training is for easy and continued public appearance. Full wardrobes, believable makeup, realistic shoes, and lady-like department and courtesies are where it is all at for my girls.

I want the girls to shop with me, be with me socially and be able to relate well and easily in public. To achieve that goal requires dieting, posture training, hormones, where possible, good makeup techniques and a lot of practice so that my girls will blend in beautifully when out in public.

They are accepted by other women and often receive admiring glances from men as well.

Thanks again for a fine magazine, Kim, and keep up the good work.

Sincerely,  
Ann

*Dear Ann,*

*How lovely it is to get a letter from a "real" girl. I'm sure that our readers are very stimulated from your description of your "scene." Please consider sending us some photos of your girls.*

*Best,  
K.C.*

A New Film By Kim Christy

# SHE-MALE ROOMMATES

Picture your favorite Preston Sturges romp of the 1940's. Picture all the beautiful costumes and the zany non-stop action. Now, picture it all set in the 1980's and filled to the brim with she-males!

We thought you'd like that idea.

Kim Christy does it again in this "every which way but celibate" new video about all the trials and tribulations of a couple of average all-American she-males. They fuck boys, they fuck girls, they get fucked by anybody with something longer than it is wide. And of course for all you fetishists out there we get to see them take a ridiculously long time to get dressed and undressed.

*Pictured above is a new KIMCHRISTY DISCOVERY, Shannon Patricia O'Conner. At left is a more familiar but still very exotic face, China Kitty.*

*We asked Miss O'Conner, a newcomer to the world of show business, to share with us a little about herself.*

*"I attended one of the better girls' colleges back East. No one ever knew, because I lived off-campus and attended class in drag. It was a brisk and invigorating environment and I enjoyed the closeness the other girls and I could have without the distraction of men."*

# TV Confessions

Chris drank the martini as he looked out into the night and the lights of the streets below. Even though he couldn't actually feel it, he knew the night was turning very cold. The fur coat would be a God-send after all. There had been a time during the day when he almost dismissed the thought of wearing it, but at that moment he knew he had made the right decision. But the one decision he had made he couldn't fully understand, and that was why he had taken down so many martinis. He didn't feel drunk, but there was a certain amount of fog in his brain.

"To hell with it," he said aloud and walked back to his bar and poured another, but left it on the bar for the moment while he hugged his arms around his chest and let his hands move up and down the angora covering his arms. If he lived to be a hundred, the sensation of feeling the soft angora fur would always be a new thrill. He'd worn white angora, a slip-over with a green skirt and green high heels when he applied for the secretary job in one of the larger oil companies. The green was for luck. He remembered how he felt that other time when he wore green. And of course, the angora was out of pure love. Tiny, a beautiful, well endowed young girl who would become an excellent friend, did the interview and a week later Chris received word that *she* had been hired.

The job was simple routine and Chris fell right into step with the other girls in the office. Tiny became a special friend during the first week Chris came to work. They were thrown together because Tiny was regulated to showing her the ropes and for eight hours a day during the first week they were together, and toward the end of the week they started having lunch together.

---

## *He applied for a secretary job in one of the larger oil companies.*

---

It was all girl talk between them, fashions and the like, including men. Chris ate it up. He was doing the job he wanted and no one suspected his real identity. He felt he had finally become Christine . . . he couldn't be more so unless he had heard and read so much about that.

And it was during this period he learned that most girls drank martinis . . . it was a lady's drink, and with his first one he knew he would always order the "lady's drink."

"What do you do for fun, Chris?"

"Not much . . . go to movies, I

guess."

"Any boyfriends?"

Chris shook her curly head. "I've been with a few. But there's nobody now. There hasn't been for a long time."

"I guess I feel that men aren't all they're cracked up to be. I don't go out much either. I don't like the way the streets are getting at night. A girl just isn't safe. Say, why don't you stop by my place with me on the way home tonight. We could have a couple of drinks and really get to know each other better. It's Friday. No work tomorrow. We might talk all night."

"Real down to earth girl talk," Chris thought silently, then said aloud, "I'd like that."

"Do you have a car?"

Chris shook his head. "No! I've been taking the bus back and forth."

"No bus tonight. You'll ride with me."

Which sealed their bargain.

Chris marveled at the rich quality of Tiny's apartment. It was a two bedroom with a massive living room and a well furnished kitchen. Tiny pointed to one of the bedrooms. "That's mine, and the other one is Richard's."

"Richard?"

"My brother . . . when he's in town . . . most of the time he's off somewhere. I never can keep track of him. Come look and see," she said and headed for her bedroom

door.

Chris followed the girl into the bedroom which was just as expensively furnished as the living room.

"Like it?" she asked.

"I wish I could afford it."

"Perhaps you will someday."

Then they went back into the living room and Tiny continued on to the kitchen where she mixed the pitcher of martinis and brought them back to sit them on a coffee table in front of Chris. "You pour, I want to slip into something more at homeish." She had talked as she made her way back into her bedroom.

Chris poured the martinis into the two glasses Tiny had also brought from the kitchen. He drank one down quickly and refilled his glass which he didn't touch until Tiny returned. She was wearing a flowing violet negligee over a pink nightgown, and pink fur slippers on her feet. Chris almost went ape. He felt the stirring in his balls, and the throbbing of his flaccid cock in the blue nylon panties he had under the skirt. "Want to change into something more homeish, Chris? I've got plenty of clothes, and I know they'd fit you."

Of course he did. He was chomping at the bit to do just that. But he didn't dare. She might find out his secret, and there would go a perfect friendship as well as his job. "I'm fine," he stumbled over a dry tongue.

"Well, if you change your mind later, sing out, don't be bashful." Then she sat down next to Chris on the couch; very close; and picked up her martini. It was an extremely dainty sip she took.

"I like you, Chris."

"And I like you, Tiny."

"I'm so happy we could be friends."

"There was no reason we

shouldn't be." He wondered what her wardrobe looked like. What would be in there which would fascinate him so much that he had to put it on? There had to be something that would put his balls into an uproar. But that was the whole problem. The skirt he had on was tight, and if he saw something that interested him he knew he couldn't keep his dick soft. It would rise up like thunder and show through the skirt. He loved to be dressed like she was. He felt he should get the hell out of there, and he might have but suddenly she

leaned over and put one hand on the back of his head and she captured his lips with hers. It was such a quick, unexpected move that his lips automatically opened and she dug her tongue into his mouth and they swapped spits generously for more than a minute, and when their lips parted she only drew a couple of inches from his face and she kept her hand on the back of his head.

"Surprised?"

"Some."

"I like girls!"

"That's fine!" Chris found himself in a thoroughly confused state. There was no doubt she planned to go further in her love making. He had to get out of there. What could he do in a lesbian affair with a girl?

"I've wanted to get you up here ever since I interviewed you. I made sure you got the job you know."

"I thought as much . . . but . . . but . . ."

She closed his mouth with hers again and once more their tongues met in a swirl of hot breath and hot saliva. Then the real shock came. Her one hand began to rub over the falsies under his frilly blouse. But they were encased in a very tight brassiere and she didn't seem to realize that she was feeling up, and rubbing, foam rubber. It became easy for Chris to realize this fact because she started to moan as her passions rose. And Chris' shocked state was not to be stopped there. The hand which had been massaging

his fake titties suddenly went down to the front of his skirt. With all the sexing she been giving him, he couldn't help but get a hard on, and her hand was on it through the front of the tight skirt.

Her tongue suddenly stopped its motion and her eyes opened up to look deep into his. Now the measure of shock was all hers. She pulled slowly away and looked at him silently for a very long, torturous moment before she looked down to the front of the skirt. She flipped up the skirt to reveal the blue panties he wore. The hand felt the front of the panties. There was no mistaking what she was feeling, but she pulled the panties down from his hips. The dick flopped out. It had gone soft from the happening.

"Good God!" she finally exclaimed. But she didn't seem to be at all angry.

"I suppose I'm fired? I better be going!"

"Why on both counts?" She picked up her martini.

"Well! You wanted to do it with a girl. I guess I can't help you out."

"Maybe I'm double gaited. The fact is, I am double gaited. I take it with either the boys or the girls. But you make one of the prettiest girls I've ever seen, that's why I had such hots for your body. I just have to get over the kind of hots I had for the girl you present . . . Oh my brother would love you."

"What's your brother got to do

with it?"

She stood up and took Chris' hand and he stood up with her, not knowing what to expect. "Come with me, Chickie." She led Chris into her brother's bedroom where first she opened a large closet which was filled with women's suits, dresses, shows, and blouses along with an assortment of different styled coats. She quickly then led Chris across to

---

---

a mammoth dresser and started pulling open the drawers . . . panties, brassieres, slips, chemises, stockings, dozens of sweaters and all the other paraphenalia Chris knew all so well for changing a male into a female.

"He's double gaited too; like he goes with both the boys and the girls. Oh, I'm from quite a family. My sister dresses in men's clothes and holds down a man's job." Tiny led Chris back into the living room and to the couch where Chris gulped down his martini to get over all the shocks he had gone through during the past few minutes. Tiny grinned

and filled the glass again.

"Now, would you like to get into something more comfortable. It'll have to be from my closet. I'm afraid Richard's wouldn't fit you. He's not really big, but he is a lot bigger than you."

"I'd like to very much."

"What would you like?"

"Something like you have on."

"No sooner said than done. Come on."

Again she took Chris by the hand and they went into her bedroom where she opened her own closet. Chris immediately flipped over what he saw. He'd have liked to spend the hours it would take to try on everything he saw. But for the moment he picked out a long, sheer black negligee with long sleeves that tied at the cuffs and the neckline.

"You'll need a nightie." Tiny started for her bureau. "There's black fur mules on the floor. I'm sure they'll fit." She opened the top drawer and took out a long, black satin nightie which she tossed onto the bed. "Mind if I stay and watch the show?"

Chris grinned. "Be my guest," and he started taking off the streetwear.

They drank and talked for hours. The television was on, but neither of them heard or saw it. They were much too engrossed in each other. They kissed each other, groped each other and one felt falsies and the other felt the real thing, and they

were both getting hot in the knowledge of what they were doing. They were locked tightly in each other's arms, and their lips were folded over tongues when a key was heard turning in the lock and Richard entered.

He looked at the two girls and spoke before he closed the door. "Am I disturbing something?" He was a nice looking fellow and wore a neat business suit. He closed the door. "I'll see you when you're through, but you could have gone into your own room and I wouldn't have embarrassed you."

Tiny stood up and laughed. "No embarrassment Richard. Meet Chris, a very dear friend, and one I'm sure you are going to love."

"You're drunk."

"The same as you should be."

He reached over and took her glass and drank it down, then handed it back to her. "Might be a good idea at that." He moved across to the kitchen and captured a glass which he brought back and filled. "Dear sister, you do make a great martini. Hello, Chris. Good to know you."

"You don't know how good it is to know her."

With that, Tiny pulled the skirt of the nightgown up around Chris' waist and pulled his dick out through the leg of the black panties he also wore. Richard's eyes went wide. "Good God!"

"That's what I said the first time."

"You could have fooled me."

"I've seen your picture in drag. You're pretty damned good too."

Tiny refilled her glass. "Chris doesn't know many people. Why don't you introduce him, her to some of your friends?"

"I might just do that. Wow, you're a real knockout. You'll stand a lot of people on their heads."

He talked as he walked across the

---

picture in drag.

damned good."*

---

room toward his bedroom. "You girls look so comfy, why should I be the odd-ball?" Then his door closed behind him.

"Like him?" asked Tiny.

"He seems delightful."

"I could tell he likes you. But remember what I said. He's bi . . . you'd better protect your ass at all times. He's sneaky in what he comes up with."

"I'll remember," replied Chris, but there was a drift of his eyes toward Richard's bedroom door.

Tiny caught it and she spoke over the rim of the glass. "You'll want to remember it and then do just about

as you want."

"The legal voting age is eighteen. I'm well over eighteen."

"You've made your point, Christine."

"What does your brother do for a living?"

"A lot of things. I don't know everything he does. But he's always got a lot of money in his pockets. I don't ask him much. He's over twenty-one and he's got his own life to live. I guess that's why we can live together and have no problems. We keep out of each other's way . . . and business. I suspect you'll know a lot more about what he does than I do in a few days. If you make more points with him I'll say that you came down with the flu . . . it's the general run of days off at the office."

"But I just started."

"So the flu knows times to be had?"

"Why do you think I need time off?"

Tiny shrugged her shoulders. "Who knows what evil lurks in the heart of my brother." She had used all the tones of the Shadow. "I just look ahead, that's all. I'm prepared for just about anything. Perhaps that's why I'm head of the department. But, don't worry, my little pretty, you'll be protected." She indicated Richard's bedroom door. "Let's say, you're part of the family now, and we protect family." She reached over and patted the crotch

of Chris' negligee. "But why don't we get down to some serious drinking." She picked up the martini pitcher and carried it back to the kitchen to mix up another batch.

Richard appeared, fully made up and wearing a blonde wig, white fur slippers, white nightgown and a white marabou bed jacket.

Chris suddenly felt more at ease than he had since entering Tiny's apartment. Here was someone he could fully associate with, the first other transvestite he had ever met. He knew for a long time he was not the only male who desired more than anything to wear female attire, but he had never known where to search any out. It had been a frustrating quest, but it appeared his search was over. Richard was the first, and Chris told him so, over the next batch of martinis.

"You can't imagine how many of us there are, Chris," stated Richard. "You can't imagine how many girls you pass on the street are our kind of girls. And I'm sure it's the same thoughts you have. We don't want to be recognized as what we are. We want to be looked upon as girls and we do our best in the disguise. If we are discovered for what we are, then we are looked on as some kind of a freak, therefore our appearance is the most important. You just told me you are a secretary in my sister's office. Do you think you'd be that if anyone knew. Look how you took my sister . . . right up to the point where she wanted to lick your cunt. That's because you came off perfect. But I'll tell you one thing. You should be using your talents for better things than being the office help you are."

Chris remembered his little whore and he wished she were right there with him at that moment. He'd like to lift the skirt of the nightie and negligee and feel the leather strap stinging his butt. It would be the height of an already pleasant evening. But neither Richard nor Tiny appeared to be the sadistic type. How many times had the little bitch

told him the same thing that Richard was expounding at that moment.

"I hate to take her away from you, sis, but I have a feeling she's going to make a lot of money doing something I've got in mind for her. You never see me without a good sized roll in my pocket, do you?"

"First things first. Chris likes being a secretary, and all you're offering is promises. But I've already told her I'll arrange for any time off she might need."

"Good thinking, sis." He thought a minute before he spoke again. "I'll put something together the first of the week. Make it Wednesday. I can put it all together by then. My people work fast, and the way Chris looks they'll be getting a hard-on from the first sight. How quick can you get a hard-on, Chris?"

"It's all according to the

situation, the clothes, that sort of thing."

"I get the point. I guess I'm the same way. Show me something I want to put on my hot body, and old junior comes up so stiff and hard that it defies imagination."

"Braggart," replied Tiny, burying her nose into her martini. Then she changed the subject slightly. "I've never stood in the way of anyone who can better themselves. And Chris has become a part of the family. I've told her that, and family has to look out for each other." She narrowed her eyes toward Richard. "But you see that she doesn't get hurt."

"Not on your life will I do anything that could harm a hair on her head. That's real hair, isn't it?"

"Yes," then added, "It took a long time to get to this length."

"For some reason my hair never grows that long. Probably I'll go bald in time. But I've got plenty of wigs. You might keep that in mind. Even though you've got long hair, get some wigs, different colors, different styles, all that sort of thing. You never know when you might want to change your appearance. I find it comes in handy in my business."

"What is your business, Richard?"

"Right now my most important task is being a photographer's model. But there are other things. Specialty pictures, if you know what I mean."

Chris didn't, but he nodded his head as if he did.

"Well, me for bed," said Tiny, standing up. Then she looked directly at Chris. "Are you sleeping with me . . . or with Richard?"

The apartment seemed to swirl momentarily as Chris turned from the window and went back to the bar. He checked his attache case, then went into the bedroom and picked up the fur coat. He shook it out so that the fur stood out bright and fine.
